

# QORDATA AGGREGATE SPEND CONNECT

Seamlessly integrate your organization's Concur Expense data directly to an aggregate spend reporting solution.

Compliance teams who previously manually compiled Concur Expense data into reports can now transmit expense data directly into qordata's Federal Reporting solution to streamline Life Sciences compliance.

## QORDATA FEATURES

- Direct transmission of Concur Expense data into the qordata system via a web service
- Capturing all HCP data attributes as required in transparency reporting
- Ensures all your HCP interactions data to be up-to-date for reporting
- Helps maintain effortless compliance with Sunshine Act
- Eliminates regulatory compliance risks arising due to manual transfer of data
